3,5 Inch MediaGiant DVB-T Tuner + Powerline

The Media Giant Pro combines a full featured network HD media player with a personal video recorder. You can record all your favourite TV shows and movies thanks to the built-in digital TV tuner (DVB-T). You can also record directly from your DVD player, camcorder or set-top-box (for digital cable or satellite) with the composite AV input, component video input or the digital Firewire™ input. The Media Giant Pro is a high definition network media player which plays all your digital movies, photos and music from the internal hard drive or over your network. You can stream directly from your computer or from compatible storage devices like the Grab'n'GO NAS products. The device is also a DLNA 1.5 compliant media server, so you can stream all your content (even your recordings!) to other compatible network media players or computers. With the integrated 200Mbps powerplug adapter and the bundled 200Mbps powerplug adapter you can easily create a highspeed network connection through the powersocket, without the need to draw any cables to your livingroom!

Highlights

- You can record all your favorite TV shows and movies thanks to the built-in digital TV tuner (DVB-T).
- Stream and copy files over the network with Samba client & (Twonky) media server
- Integrated 200 Mbps Powerline network and extra Powerline adapter for easy networking over the power socket
- Record from analog or digital TV channels

Orderinformation

Product Code :	CM3GDP
Order Code :	C08-148
EAN Code :	8714909014465
In a Box :	3

CM3GDP C08-148

Specifications

Minimum system requirements

Connections / interfaces	PC or laptop with USB port; Wired LAN (10/100Mbps)
Other	TV with HDMI or component connection (for HD playback); TV for playback/recording

Features

On/Off switch	Yes
Built-in Samba server	Yes
Built-in UPnP AV server	Yes
Built-in Twonkey server	Yes
Samba client	Yes
Firmware check/update.	Auto; Manual
Active cooling	Yes
Supports DLNA	1.5
Hard disk compatibility	3.5 inch
Installation wizard	Yes
TV format	PAL; NTSC
Supported signals digital TV tuner-in	DVB-T
